**Aldis Teams with Gulf Industries, Inc.
Streamlining GridSmart Sales and Service for the Southern United States**

OAK RIDGE, TN - Aldis Corp., a leader in next generation traffic management systems, announced today the addition of Gulf Industries Incorporated to the Aldis strategic sales channel serving cities and municipalities with more efficient and cost effective intersection video traffic management solutions.

Gulf Industries Incorporated will provide the entire line of Aldis GridSmart traffic solutions including the Spectra 360™, designed for intersection traffic management utilizing video tracking and the Optima 360™, which adds support for vehicle counting data and pedestrian handling. Ultra 360™ (available in 2010) will provide a complete intersection management solution including such features as vehicle preemption and dilemma zone functionality.

“We are thrilled to include Gulf Industries into our growing distribution network and look forward to teaming with them to best serve our customers,” stated Eric Seabrook, Vice President of Sales and Marketing for Aldis. “With their long history of success in the traffic industry, Gulf was the clear choice to represent Aldis and our GridSmart product line.”

“Aldis is developing some of the most innovative products we have seen in the industry and are on the cutting edge of intelligent traffic management for intersections and highways. Our customers are looking to technology to solve the next generation of traffic management initiatives and Aldis is delivering,” stated Wayne Burger, Chief Operating Officer for Gulf Industries.

Gulf Industries Incorporated will provide the Aldis GridSmart solutions exclusively in Arkansas, South Florida, Louisiana, Mississippi, Oklahoma, Mid/West Tennessee and Texas. Current GridSmart customers will continue to receive sales and service directly from Aldis with the addition of local support from Gulf Industries.

About Gulf Industries

Gulf Industries, Inc. is a traffic engineering and roadway safety sales company providing a full range of construction, signal maintenance, sales and technical service. Based in Mandeville, Louisiana, the company has been serving the traffic and highway safety industry for over 40 years.
